Purpose:

In the midst of health care change physicians continue to practice medicine as they brace for unknown changes that are surely coming. This is a challenging time for physicians. The overall goal of the summit is to inspire, empower, and equip physicians to revitalize the spirit and heart of their work during this time of change. The program will be an opportunity to reawaken and nurture what attracted us to medicine in the first place: to make a difference in the lives of patients and their families. To this end, we are being led by three world class physicians.

Date and Location:

November 21, 2009 from 7:30 am to 12 pm
Creation Conference Center - Ginsburg Tower
